**T**hyroid Cancer. FYI – Interesting. URGENT! PLEASE READ! DID YOU KNOW? [Dr. Oz Info:](#)

On Wednesday, [Dr. Oz](#) had a show on the fastest growing cancer in women, **thyroid cancer**. It was a very interesting program and he mentioned that the increase could possibly be related to the use of dental x-rays and mammograms.

He demonstrated that on the apron the dentist puts on you for your dental x-rays there is a little flap that can be lifted up and wrapped around your neck. Many dentists do not bother to use it. In addition, there is something called a **"thyroid guard"** for use during mammograms.

By coincidence, I had my yearly mammogram yesterday. I felt a little silly, but I asked about the guard and sure enough, the technician had one in a drawer. I asked why it wasn't routinely used. Answer: "I don't know. You have to ask for it." Well, if I had not seen the show, how would I have known to ask?

I hope you pass this on to your friends and family.
